## Table of Contents

Acknowledgements .....	5
1 Introduction .....	6
1.1 General.....	6
1.2 What is mangrove? .....	6
1.3 Issues related to the mangrove ecosystem in Somalia.....	7
1.4 Problem Statement.....	9
2 Objectives.....	10
3 Study Area.....	10
4 Methods and Materials .....	12
4.1 Interpretation of satellite Images .....	12
4.2 Ground field observations (sampling) for mapping mangroves in Somalia.....	14
4.3 Interviews with the local people .....	15
5 Results .....	15
5.1 Mangroves of Zeylac (44ha).....	15
5.1.1 Plant density and Percent cover .....	16
5.1.2 Sources of livelihood.....	19
5.1.3 Environmental degradation problems .....	23
5.1.4 Goods and services provided by the Mangroves of Zeylac .....	23
5.1.5 Importance of mangroves to other animals .....	25
5.1.6 Importance of mangroves in Zeylac.....	26
5.1.7 Training on the environment of Zeylac mangroves .....	26
5.1.8 Threats to the Mangroves of Zeylac.....	27
5.1.9 Beneficiaries of the Zeylac mangroves .....	29
5.1.10 Mangrove products extraction trend in Zeylac .....	29
5.1.11 Destination of Zeylac mangrove products .....	30
5.2 Mangroves of Berbera (39ha).....	31
5.3 Mangroves of Caluula and Xabo (60ha).....	31
5.3.1 The mangroves of Xabo area .....	34
5.3.2 Sources of livelihood in Xabo region.....	37
5.3.3 Environmental degradation problems in Xabo area.....	37
5.3.4 Goods and services provided by the Mangroves of Xabo.....	38
5.3.5 Importance of mangroves of Xabo area .....	39
5.3.6 Importance of Xabo mangroves to other animals .....	39
5.3.7 Training on the environment of Xabo mangroves .....	40
5.3.8 Threats to the Mangroves of Xabo.....	41
5.3.9 Beneficiaries of the Xabo mangroves .....	41
5.3.10 Destination of Xabo mangrove products.....	42
5.3.11 The mangroves of Caluula area.....	42
5.3.12 Sources of livelihood in Caluula region.....	42
5.3.13 Environmental degradation problems in Caluula.....	43
5.3.14 Goods and services provided by the Mangroves of Caluula.....	44
5.3.15 Importance of mangroves of Caluula area .....	44
5.3.16 Importance of Caluula mangroves to other animals.....	45
5.3.17 Training on the environment of Caluula mangroves.....	46
5.3.18 Threats to the Mangroves of Caluula .....	47
5.3.19 Ownership of the Caluula mangroves .....	47
5.3.20 Resource extraction from Caluula mangroves .....	47
5.3.21 Beneficiaries of the Caluula mangrove products .....	48
5.4 Mangroves of Kismaayo (84ha) .....	49

	Figure 51: Mangroves of Kismaayo.....	49
6	Discussion and conclusion .....	51
7	References .....	53
8	Appendices .....	54

### **Acknowledgements**

The authors wish to thank the SWALIM liaison offices in Garowe and Hargeisa and the field surveyors from Puntland, Ali Ahmed Omar, Suleiman Jama Farah and Abdullahi Haji Mohamoud, and Somaliland, Ahmed Jama Sugulleh and Ahmed Derie Elmi for undertaking field campaigns in the mangroves of Puntland and Somaliland. The effort put in by the interns, Elsi Okhoba and Linda Nakhulo to automate all the field data is also highly acknowledged. Lastly, the authors wish to acknowledge the considerable support, drive and motivation given by the SWALIM Chief Technical Adviser, CTA, Dr. Zoltan Balint. This document would not have been compiled were it not for the wise leadership of Zoltan.
